

Problem

- 1.) Black men have a mortality rate 40% higher than white men by preventable conditions
- 2.) Black men are 43% more likely than other men to seek care in an emergency room than through preventative or primary care setting.
- 3.) Deep systemic distrust and stigma which leads to lack of engagement in a health setting.

Existing Alternatives

- Barbershop Talk @ UAMS
- The Confess Project of America
 - founded in Little Rock, AR
 - national
- The Black Barbershop Health Outreach Programs
 - national
- Barbershop Therapy Foundation
- Los Angeles Barbershop Blood Pressure Study
 - w/ Cedars Sinai medical center
- CLIP Trials w/ NYU Langone ^{Pre-Recorded}

Solution

Create a bridge that will allow black men to feel comfortable to talk about and work on their health w/ health professionals using barber advocates as the bridge

Key Metrics

- 61 black-owned barbershops partnered w/ Barbershop Talk
- * want information*

Unique Value Proposition

A unique, confidential, and culturally grounded digital pipeline that converts the sacred trust of the barbershop into scalable preventive care and substance recovery for Black Men

High Level Concept

The digital healthy resource network and outreach engine for the urban barbershop ecosystem

Unfair Advantages

- We are building a digital bridge directly inside the barbershop *bringing tech solution to a social problem*
- Direct structural integration w/ regional research Powerhouses like UAMS.
- bang value*

Channels

- Direct integration into the existing UAMS Barbershop Talk network via barber-led advocacy + QR codes
- Partnerships w/ community groups
- Arkansas Minority Health Commission

Customer Segments

Barbers
18-40 yr old Black men

Early Adopters

Barbers who are within the Barbershop Talk network

Black male clients that get serviced within the network

Key Partners

- UAMS
- Publicly Certified Agencies
- Office of Health Disparities Elimination @ ADH
- National Alliance on Mental Illness

Cost Structure

Tech Development + Compliance:

Barber Incentive Program:

Onboarding + Operations:

Tech Support maintenance:

Revenue Streams

- Scheduling booking site subscription model for barbers
